

# ERICSSON DIALOG 4000 TELEPHONES

There is an outstanding solution for every situation, location and need

Take your pick from Ericsson's award-winning range of digital, analog and IP telephones.

Each and every telephone delivers extraordinary sound quality, superior ergonomics and unique functions.

Ericsson's development process ensures an environmentally sound design that absolutely minimizes environmental impact, during use and when recycled.

**High performance telephones that are slick, stylish and sophisticated:**

#### **IP telephones**

Choose from two versions. Or utilize Ericsson's BackStage application to call via your PC.

#### **Digital telephones**

An innovative range, from Lite for meeting rooms to Professional for managers and assistants.

#### **Analog telephones**

A wide selection that includes office telephones and even a model specially built for hotels.
